

# Main Page

## Welcome to WikiLectures

**Your space to create and store medical study materials.** There are currently 8,476 articles published.

Imagine your medical studies without carrying and studying tons of books.

Imagine a world where students and teachers cooperate to create reliable, recent and dynamic study materials.

Imagine WikiLectures. :-)

**Please feel free to correct the grammar!** Most translators use a translator to efficiently translate as many articles as possible; therefore, the text may not be 100% grammatically correct.

## Attention

We are **working** with over **300** active **Czech** and **English Parallel students** to update Wikilectures.

**If you are interested in helping out,** contact our **project coordinator** to be part of the team! **Current elective course** for the academic year 2023/2024.

**Main organizer:** MUDr. Ota Raška, Ph.D. [raskaota@gmail.com](mailto:raskaota@gmail.com) (<mailto:raskaota@gmail.com>)

**Project coordinator:** Andrea Rashovska [thewikilectures@gmail.com](mailto:thewikilectures@gmail.com) (<mailto:thewikilectures@gmail.com>)

## Recently updated articles

- Histology MCQs (2.6.2024 23:46)
- Glycated hemoglobin (1.6.2024 11:33)
- Gluteal region (1.6.2024 11:33)
